NADEERA BINOLI

Full-Stack Software Developer

nadeerabinoli@gmail.com | +94 72 994 89 11 | https://nadeerabinoli.github.io/portfolio/ | Gampaha, Sri Lanka | www.linkedin.com/in/nadeera-binoli/

PROFILE

Full-stack developer with hands-on experience building enterprise attendance systems in production using Laravel, Vue.js, and MySQL. Bachelor of Information Technology (Honours) graduate recognized as a Top Performer, with a track record of shipping seven independent full-stack projects spanning Python/Flask, PHP, and React. Comfortable owning a feature from API design through deployment.

WORK EXPERIENCE

Full-Stack Software Developer Intern (Project-Based) | Techseed Lanka Pvt (Ltd) / *Jan 2026 – Present*

- Develop and maintain enterprise-grade Attendance Management systems using Laravel, Vue.js, PHP, and MySQL, delivering scalable full-stack solutions used in production.
- Design and implement RESTful APIs and reusable Vue.js components powering responsive Progressive Web Apps (PWA) across desktop and mobile.
- Optimize application performance, resolve production issues, and ship new features within Agile sprint workflows.

KEY PROJECTS

Nutri-Assist — Meal Planning & Health Tracking System / *2024 – 2025*

Technologies: *Python, Flask, JavaScript, HTML5, CSS3, MySQL, REST APIs*

- Built a full-stack meal-planning platform with personalized recommendations, calorie/nutrition tracking, grocery and kitchen stock management, and interactive dashboards for Sri Lankan users.

Fresh Chef — Food & Beverage Delivery and Catering System / *2025*

Technologies: *PHP, MySQL, HTML5, CSS3, JavaScript, Bootstrap*

- Built a role-based ordering and delivery platform with catering management, order tracking, secure payments, and an analytics dashboard serving customers, staff, riders, and admins.

VersionDesk — Interactive Project Management & Communication Hub / *2026*

Technologies: *React, TypeScript, Vite, Tailwind CSS, Figma*

- Designed a high-fidelity prototype with a drag-and-drop Kanban board, project/version tracking, and dashboard analytics, applying HCI principles to improve usability.

EDUCATION

BSc (Hons) in Information Technology — Software Engineering | ESOFT Metro Campus / *Sep 2022 – Sep 2026*

- GPA 3.56 / 4.0. Awarded Top Performer, ESOFT Graduation 2026, for outstanding academic performance.

G.C.E. Advanced Level, Bandaranayake Central College, Veyangoda — 2019
